

To whom it may concern,

I am, and I am currently studying at **Atlántida Formación, a higher vocational training centre based in Granada, Spain**. The reason I am getting in touch with you is **to inquire about the possibility of doing my internship at as part of the European Erasmus+ mobility programme.**

Erasmus+ supports **unpaid traineeships** (work placements, internships, etc.) abroad **for students like me, currently enrolled in a higher technician degree in** Atlántida Formación holds an Erasmus+ charter for higher education, which promotes transnational cooperation, including adapting students to the demands of the European job market, and helping them to acquire work experience.

I am currently looking for a work placement in the sector for the next academic course 2022-2023. **The traineeship is unpaid, and would ideally run for three months, from the end of March or the beginning of April until June.** As such, I would really appreciate the chance to discuss this programme further with you, either via email or by phone (or WhatsApp/Telegram). **Feel free to contact me at any time of your convenience on** Please also find attached the Erasmus Charter for higher education, and the European diploma supplement, as well as my CV and a motivation letter.

Kind regards,

.....
